Mission

The mission of Robbinsdale Area Schools is to inspire and educate all learners to develop their unique potential and positively contribute to their community.

Unified District Vision

High Intellectual Performance
Through Equity

ROBBINSDALE
Area Schools

Individual focus. Infinite potential.

WHAT IS TITLE I?

Title I is a federally-funded program designed to provide help for students in the areas of reading and mathematics.

Title I programs are located in the seven elementary schools with the district's highest percentage of children eligible for free and reduced-price lunch, and the two Catholic schools in the district. Within these schools, students needing assistance to meet grade-level standards receive this help regardless of their participation in the federal lunch program.

Title I Mission

Title I supports the district's mission by creating learning opportunities for children to acquire the knowledge and skills contained in the state's challenging content standards in reading and mathematics.

Title I Goals

- To provide support to students in meeting state standards in reading and mathematics
- To supplement classroom reading and mathematics instruction
- To involve parents in their child's education in as many ways as possible

How Does Title I Assist Students?

The purpose of Title I programming is to provide reading and math interventions that will help students become proficient in grade level MN state standards. Licensed teachers or Education Assistants provide interventions to students either within the classroom or another classroom during independent working time.

Title I, State and Federal Accountability

Title I is a federally funded program, part of Every Student Succeeds Act of 2015. The purpose of this legislation is to provide opportunities for children to acquire the knowledge and skills they will need to achieve proficiency according to Minnesota Academic Standards.
